▶ KEY FEATURES

Designed with ease of serviceability in mind, the Bobcat® PG570 is compact, thoughtfully engineered and built to perform in tough conditions.

- Powered by the dependable Cummins® X15 engine, Bobcat's PG570 generator delivers robust and reliable performance in demanding conditions.
- The PG570 Portable Generator offers an impressive output of 570 kVA (456 kW), with the added convenience of switchable frequencies between 50 Hz and 60 Hz.
- The PG570 Portable Generator is 20% smaller than comparable models on the market, providing a compact yet powerful solution for your portable power needs.
- This generator features outstanding motor starting capabilities as well as no minimum load requirement.
- Our advanced paralleling controller comes as standard so you can maximize uptime and performance, effortlessly synchronizing multiple generators to ensure uninterrupted operation and optimal efficiency.
